OPBM10P & OPBH12PH Series

# MID AND HIGH LEVEL ORDER PICKERS

1.0 - 1.25 tonnes

## SCALE THE HEIGHTS OF PRODUCTIVITY

At Mitsubishi Forklift Trucks, our designers love a challenge. And, as any warehouse manager knows, there's no greater challenge than order picking. Every second counts in this labour-intensive task. The result? VELiA EX. This high-efficiency range of mid and high-level order pickers has been engineered to scale the heights of productivity.

WHEN  
**RELIABILITY** IS  
EVERYTHING...

# VELiA EX

## OPBM10P & OPBH12PH Series

### MID AND HIGH LEVEL ORDER PICKERS

1.0 – 1.25 tonnes

**Exceptionally high visibility? Yes, thanks to our MaxVision mast and clearview overhead guard. Ultimate reliability? Yes. With our VELiA EX mid and high-level order pickers – including a high-performance 48 V model with unbeatable 1250 kg capacity, you can expect practically perfect picking.**

Outstanding comfort features? Of course. Like every Mitsubishi order picker, it's got those crucial differences which never fail to impress operators (or their employers).

#### FRAME AND BODY

- **Chillproof design with rust-proof axles**  
ensures reliable performance at temperatures as low as 0°C.
- **MaxVision mast and overhead guard**  
maximises operator field of vision for increased productivity and safety.
- **Robust construction**  
ensures smooth, stable ride and excellent picking performance.
- **Low maintenance design**  
gives quick and easy access to key components and motors – for minimum downtime.

#### DRIVE

- **Powerful AC motor**  
means high drive speed and acceleration – even when loaded – plus smooth, quiet, controlled operation, extended shift length and lower maintenance requirements.
- **ECO mode**  
reduces energy consumption – without compromising on performance.

- **Smart curve control**  
automatically reduces speed when cornering for enhanced stability.

#### ELECTRICAL CONTROL SYSTEMS

- **Performance setting**  
– including pre-set modes – allows instant programming without special tools.
- **On-board diagnostics and fault memory folder**  
keep operator and service engineer aware of any problems, speed up servicing and help prevent damage.

#### OPERATOR ENVIRONMENT & CONTROLS

- **Ultra-low step height (just 215 mm) offers**  
easy on/off access to keep operators alert and productive throughout shifts.
- **Easy-access operator's compartment**  
is spacious and features an extra-wide entry for faster mounting and dismounting.
- **High-visibility cabin**  
features see-through panels for maximum forward views – reducing damage risk, while increasing operator comfort and efficiency.
- **Operator Presence Sensor**  
covers a wide area and eliminates need for dead man's switch (and associated risks).
- **Super-grip floor**  
is non-slip ensuring operators are safe, for confident operations.
- **PIN-code access**  
for up to 100 users is possible – preventing unauthorised use.

- **Easy-grip handles**  
ensure safe and easy entry and exit from spacious platform.
- **Battery discharge indicator**  
keeps operators aware of battery discharge levels – ensuring high-efficiency operations and long battery life.
- **MaxPro side-access gates with automatic sensors**  
prevent unsafe use of truck with gates open at heights above 1200 mm.
- **Easy-access storage compartments**  
ensure pickers have everything they need to work productively within easy reach.
- **Fully adjustable ergonomic seat**  
provides a comfortable seat or cushion to lean on during long journeys – minimising risk of fatigue.

#### OTHER FEATURES

- **Rapid battery access**  
reduces time needed for daily checks for maximum uptime.
- **Warning lights**  
fitted on straddle legs and chassis alert vehicle and on-foot traffic – for enhanced safety.
- **Hydraulic and drive interlock**  
prevents truck use while operator isn't present.

	7800	3237	8450	N/A	-	650
	8250	3387	8900	N/A	-	600

Load deration based on load evenly spread along the forks  
 Load deration on request when LC >600 mm  
 mL = is ground clearance

Standard lift heights are limited by truck width.  
 Therefore residual capacity is shown at maximum standard lift height for the relative truck width.

Other higher options may be available but subject to special design.

h1 Closed mast height  
 h12 Lift height  
 h Fork height EasyLift raised  
 b1 Chassis width  
 Q Lifting capacity, rated load  
 c Load centre distance

## OPBH12PH Series

OPBH12PH				mL ≤ 15 mm	mL ≤ 15 mm
MAST TYPE	h12 mm	h1 mm	h = h12-125+775 mm	b1 = 1170	b1 = 1350
	Platform floor height	Closed mast height	Fork height EasyLift raised	Q @ c = 400-600mm kg	Q @ c = 400-600mm kg
TRIPLEX FREE-LIFT	6000	2770	6650	1250	1250
	6750	3020	7400	1250	1250
	7500	3270	8150	1250	1250
	(7750)	3353	8400	1100	1250
	8250	3520	8900	900	1250
	(8500)	3603	9150	850	1250
	9000	3770	9650	750	1250
	9750	4020	10400	-	1100
	(10000)	4103	10650	-	1000
	10500	4270	11150	-	900

( ) = Non standard mast, only to show capacity  
 Load deration based on load evenly spread along the forks  
 Load deration on request when LC >600 mm  
 mL = is ground clearance

Standard lift heights are limited by truck width.  
 Therefore residual capacity is shown at maximum standard lift height for the relative truck width.

Other higher options may be available but subject to special design.

All capacities are based on VNA standard floors where ground clearance is not greater than 15 mm.  
 If adjustable lugs are altered to be greater than 15mm then capacity will be reduced.

# WHEN RELIABILITY IS EVERYTHING...

## VELIA THE FRONT RUNNER

When developing the award-winning VELiA family of low, mid and high level order pickers, our primary aim was to deliver exceptional productivity through unrivalled ergonomics and driveability.

Like any product bearing the "MITSUBISHI" name our materials handling equipment benefits from the tremendous heritage, huge resources and cutting-edge technology of one of the world's largest corporations – Mitsubishi Heavy Industries Group.

Engineering spacecraft, jet planes, power plants and more, MHI specialises in those technologies where performance, dependability and superiority decide your success or failure...

So when we promise you quality, reliability and value for money, you know it's a guarantee we have the power to deliver.

That's why every model in our award-winning and comprehensive range of lift trucks and warehouse equipment is built to a high specification – to ensure it keeps working for you. Day after day. Year after year. Whatever the job. Whatever the conditions.

### YOU'LL NEVER WORK ALONE

As your local authorised dealer, we are here to keep your trucks working – through our extensive experience, our technical excellence and our commitment to customer care.

We are your local experts, backed by efficient channels to the entire organisation of Mitsubishi Forklift Trucks.

No matter where you are, we are close by – with the capability to meet your needs.

Discover how Mitsubishi Forklift Trucks give you more from your local authorised dealer or when you visit our website [www.mitforklift.com](http://www.mitforklift.com)

Performance specifications may vary depending on standard manufacturing tolerances, vehicle condition, types of tyres, floor or surface conditions, applications or operating environment. Trucks may be shown with non-standard options. Specific performance requirements and locally available configurations should be discussed with your distributor of Mitsubishi forklift trucks. We follow a policy of continual product improvement. For this reason, some materials, options and specifications could change without notice.
