

# **PMI 1000**

Pramac PMi series inverter: optimal solution to combine silent operation with less fuel consumption and tension stability; the inverters Pramac stabilize the output tension and supply power for all kinds of equipment. They guarantee maximum efficiency: adjusting the speed according to the required load, our inverters reduce the average fuel consumption.

## **FEATURES**

- Inverter technology: stable power for safe operation of sensitive electronics.
  OHV engine provides consistent power for multiple applications.
- · Low-oil level shutdown automatically safeguards engine from damage.
- Economy mode automatically adjusts the engine speed to the optimum level to provide excellent fuel economy and noise reduction.
- USB ports charges your mobile electronics so you can stay connected.Lightweight and compact.

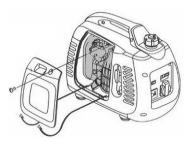

- Easily transportable by handle.Ideal for applications requiring low noise.
